

FREESTANDING MOBILE COLLABORATION MADE EASY.

Connection Zone™ Screens

Agile. Engaging. Visionary.

KI and Gensler are proud to announce a product design and development partnership and the introduction of Connection Zone Screens—freestanding mobile screens with writable surfaces that promote collaboration and facilitate the sharing of ideas.

Features:

- Units can be used individually or ganged together side by side to define and create a fluid working space
- Easel hooks allow for easy attachment and removal of pads
- Graduated opacity on acrylic screens offer both a lightness of scale and the permeation of light

The **Connection Zone™ Collection** consists of screens, storage, privacy booths and workstations designed to work together to spark creativity and facilitate collaboration. Contact your local KI Sales Representative to learn more.
