Connection Zone® Privacy Booth

Connection Zone Privacy Booths tune out distractions. Privacy Booths create personal spaces for those seeking privacy in open environments. Retreat into a privacy booth to make a call, to check email or to simply break away.

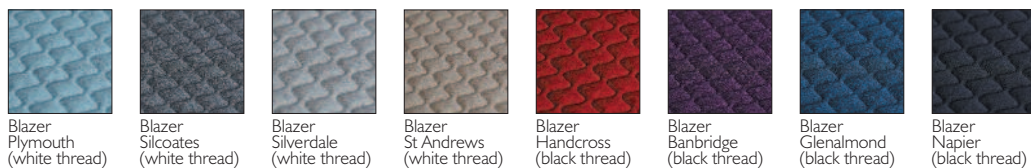

The contoured, symmetrical design provides advanced acoustical qualities, reducing external noise and shielding peripheral views. Its modern aesthetic and slim profile complement a variety of environments.

The Privacy Booth features an open top structure allowing light to pass through. A fully upholstered cushion and back deliver comfort and support, while a swivel base gives 360° access.
