

Soltice[®] Metal

Patient Chair

modern design | exceptional support | therapeutic comfort

Furnishing Knowledge[®]

Redefine modern with Soltice Metal.

Soltice Metal patient chairs offer a fresh perspective with modern appeal for healthcare environments, while providing therapeutic comfort and exceptional support. Easy to clean, Soltice Metal patient chairs meet the demands within high-performance environments.

Choose from open or closed arms. Arm caps are available in poly (black, warm grey, sand), wood (standard and custom stains), and solid surface (Corian glacier white). The metal frame is available in 23 standard powdercoats. Non-marring floor glides are available in flannel or natural nylon.

Soltice Metal patient chairs are available in contrasting fabrics from a variety of high-performance textiles, including Pallas® Textiles, KI ingrades, or COM. Lifetime warranty is standard.

The Soltice Metal collection also includes lounge seating, multiple seating, and occasional tables.

Designed by Paul James.

Features

Seat and arm height is designed for ease of ingress and egress.

Optional motion back available (closed arms only).

Clean-out space is standard.

Multiple components (arm caps, glides) are field-replaceable. Motion chair also features replaceable side panel, back and seat.
