

Haworth® Health Environments

Danbury™ Collection

DANBURY

With elegant styling versatile enough to complement almost any environment, the Danbury collection offers furnishings for waiting areas and patient rooms. Graceful, flowing lines mark the distinctive look of Danbury lounge seating and sleepers to create welcoming, comfortable spaces in healthcare facilities.

Danbury features a wide array of seating and sleeper options for consistency throughout your facility. Group together lounge chairs, loveseats, and sofas, which include a wallsaver leg for support. Guest and tandem seating are offered in half-back options with the choice of upholstered closed or open arms. For bariatric considerations, Danbury features a 40-inch-wide bariatric loveseat.

Danbury can be paired with Haworth Health Environments wood table collections to furnish lobby and waiting areas.

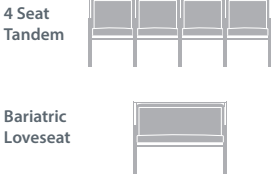

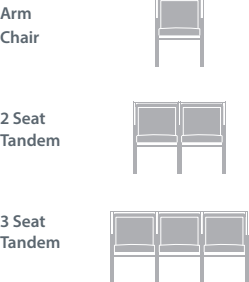

Graceful yet strong

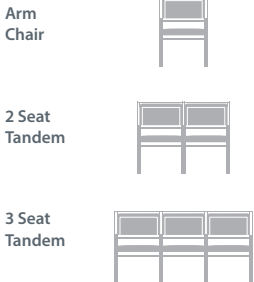

This contemporary seating collection allows you to create a variety of looks with open wood frame arms or enclosed wood arms. Options also include a full back or half back. Specify single chairs and tandem options up to four seats wide. A bariatric loveseat is also available.

ENCLOSED ARM, FULL BACK

ENCLOSED ARM, HALF BACK

SEATING

- Multi-density, Cal 117 compliant urethane foam seats
- Cal 133 options available
- Vertical cleanout
- Field replaceable seats and backs

Relax while you wait

Danbury lounge solutions complement guest and tandem seating for a multi-functional lobby or waiting area. Choose from arm chair, loveseat, and sofa models. Lounge seating is offered in a variety of options, including wood-frame open and closed arms, armless, and fully upholstered versions.

LOUNGE SEATING

- Tab-lock construction utilizing sealed plywood made from hardwoods
- Arm options: open or closed, fully upholstered, or no arms
- Vertical cleanout

Comfort for patients and family

This three-position chair reclines to 135 degrees and offers a high-leg extension on the footrest.

RECLINER

- Thermofoil armcaps standard
- Field replaceable footrest, casters, armcaps, seats, backs, and levers
- Weight activated mechanism
- Edge guard on all recliners protects surrounding surfaces from damage

OPTIONS INCLUDE:

- Push and utility bar
- Push/pull handles
- IV pole
- Foley bag holder
- Thermofoil arm option
- O₂ tank holder
- Folding or lateral transfer arm
- Heat and massage
- Thermofoil side or articulating food tray
- Central lock casters

Two sleeper options— upholstered with exposed wood and upholstered with wood legs—feature fold-down back cushions that serve as guest seating during the day and provide sleep comfort for loved ones at night.

SLEEPERS

- Tab-lock construction utilizing sealed plywood made from hardwoods
- Kydex, Thermofoil, and wood armcap options
- Field replaceable pullout extensions, seats, and backs
- Wood frame version includes storage drawers
