# SEAMLESS SOLUTIONS: FROM CONCEPT TO COMPLETION

Bringing Your Furniture and Storage Project to Life with Precision Through Our Full-Service Approach

1

## Programming

*Estimated Time Frame: 1-2 Weeks*

### Discovery Meeting

We collaborate with you to align your vision, budget, and functional needs—guiding product application with insight and experience.

### Site Visit (If Needed)

We conduct detailed site evaluations to assess building conditions and spatial requirements

### Project Scope & Goals

We help define project priorities and timelines—ensuring alignment with your goals.

2

## Space Planning

### Design Collaboration

*Estimated Time Frame: 5-6*

*Business Days*

Our team guides furniture selection with deep product knowledge—curating solutions that align with your space, users, and performance goals.

### \*Revisions & Final Selections

We refine specifications and finishes to reflect your vision.

3

## Proposal

### Preliminary Budget Estimate

*Estimated Time Frame: 3-5*

*Business Days*

We provide informed early budgeting to support confident planning and decision-making.

### \* Formal Quote & Proposal

*Estimated Time Frame: 3-5*

*Business Days*

You receive a comprehensive package outlining costs, lead times, and scope—giving you full visibility for informed approvals and seamless execution.

### \*Approval & Order Confirmation

With your approval, we initiate the order.

4

## Fulfillment

### \*Manufacturing

*Estimated Time Frame: 6-8 Weeks*

Your furniture is manufactured to order, built precisely to your approved specifications.

### \*Shipping & Logistics

*Estimated Time Frame to Ship to Hawaii: 6-8 Weeks*

Products are shipped from the Midwest to California, then sail to Hawai'i—with tracking and updates provided throughout the journey. Upon arrival, items are received at our warehouse or delivered directly to your site—based on your project's needs.

5

## Execution

### \*Installation

We confirm the space is ready, then our skilled, certified installation team assembles and places each piece with precision, care, and alignment to the design.

### Warranty & Servicing

If any items need adjustment or replacement, we quickly coordinate next steps to ensure everything performs as intended.

\* = Disclaimer: Timeframe is based on conditions of the project
