HushAccess.L 
hushoffice

Acoustic Pod

HushAccess.L is a large meeting pod, enhanced with a lower threshold and wider entryway to allow complete access for all people. Acoustic properties provide speech level reduction to ensure the privacy of conversations inside and minimize noise from outside. With its freestanding design and wide selection of finishes, hushAccess.L integrates quickly and seamlessly into existing open-plan environments, with no construction required.

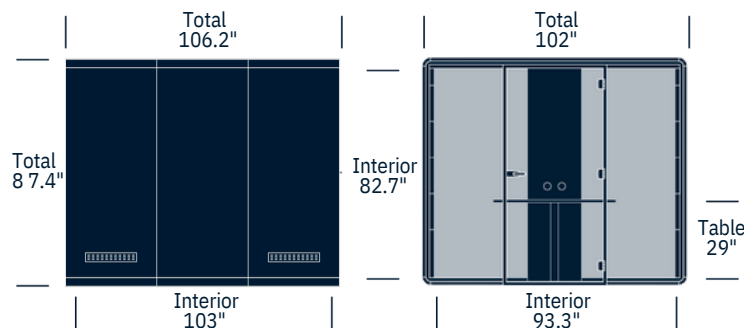

Features

- Acoustic design with:
 - Exterior constructed of 1.5", 3-layer honeycomb board with thermally fused laminate (TFL) finish and zero-joint laser edge technology
 - Laminated 0.19"-thick acoustic safety glass panels and door with an acoustic seal
 - Interior LDF (HDF) 0.11"-thick panels, covered in polyurethane foam and upholstered
 - Commercial-grade carpeted floor
- Presence-activated ventilation and LED lighting system runs only when pod is in use
- Power modules with standard outlet and ports for USB-A, USB-C, and ethernet
- Optional table with laminate or TFL-finished worksurface

Certifications

- Complies with ADA Standards for Accessible Design
- Meets IBC Requirements for Seismic Design of Nonstructural Components and Systems
- UL Listed

Specifications

Speech Level Reduction:	20.5 decibels
Ceiling Light Bulb Type:	LED
Ceiling Light Power:	41.4 watts
Ceiling Light	
Power Consumption:	65 watts max.
Ceiling Light	
Color Temperature:	3,000K
Power Module (2x) Outlets:	110-volt power, USB-A, USB-C, RJ45 ethernet
Air Ventilation	
Exchange Rate:	1,837 ft. ³ /hr. per fan (12 fans)
